SIDE QUIZ AFTER Question 9

You have 4 minutes to complete this quiz, take a screen shot or photo of your results page, and get back to the main room to show us the result.

The Quiz itself, once you start, you only have 60 seconds to answer the questions

Go here - <https://www.bbc.co.uk/newsround/49000786>

Play the quiz

Get back to the main room ASAP!

Generally, this should be attempted in breakout rooms in small equal sized groups so the Scouts can help each other for teamwork, but it can be done individually.

A leader needs to stay in the main room, at various points one Scout from each group will return to the main room to give answers, and then be sent back to the breakout room.

The aim is for the Scouts to follow the hike on streetview and find the answers on the internet so using both map and direction skills, teamwork as well as online web searching skills. The only part that is designed so they must have some knowledge is the BBC 'moon landings quiz', as there isn't the time to google the answers, and they'll need to learn a knot at the end.
